## Paws Corner

by Sam Mazzotta

**DEAR PAW'S CORNER:** I'm 13 years old and want to make money by being a pet sitter and dog walker. To try it out, my dad suggested that I pet sit for the neighbor who is going on vacation for two weeks. They agreed! I'm really excited. What tips do you have so I do a good job?

– Austin in Portland, Maine

**DEAR AUSTIN:** What a great idea! You can try out pet sitting and see if you like it, and your dad is there to give support and advice. Here are a few tips:

– Bring a notebook and pen with you to every pet sitting visit.  
– Talk to the pet owner before they leave. Get all of the pet's health information. Find out what time they need to be fed and any medications they need to take. Get their veterinarian's number and any special instructions. Find out where the food, treats and leash are stored. (Write this all in the notebook!)

– Keep to the agreed-upon time to visit and/or walk the pet. It's important for the pet to stay on a regular schedule, and it builds trust with your customer.

– Do not feed the pet any food or treats not provided (or specified) by the owner.  
– Contact the owner if you have additional questions or if an emergency arises. These are just the basics. As you build your pet-sitting empire, you will encounter different situations and will learn the best ways to respond. Your parents can help, and so can that trusty notebook! During and after every visit, review your notes about the experience and think about how you can do a better job or accomplish certain tasks more effectively.

### Peonies

These garden favorites are usually sold as bare-root tubers. For planting, pick a sunny spot with good drainage, and work some organic matter and a cup of bonemeal into the soil. Place the root in a hole about 2 inches deep (if planting in southern states, only 1 inch deep), and cover with soil, tamping gently. Water well.

Plant peony tubers in late September or October, or about six weeks before the ground freezes. Peonies can take years to fully develop, and may need support stakes. - Brenda Weaver

## Outdoor Opportunities

By COL (Ret.) Grey D. Berrier II

Let's Explore, What's in Store, for Our  
Upcoming Hunting Seasons in 2024

Sometimes, a well-known quote is the best way to sum up the situation.

Mike Lange, the beloved former color commentator on the Pittsburgh Penguins radio network, used to vibrantly say, "Get in the fast lane, Grandma, the bingo game's ready to roll!" when foretelling things were going to happen in rapid progression. Now, that we've reached mid-September, we're on the verge of our many, varied PA hunting seasons quickly opening one right after each other and it's easy to miss an opportunity, if you're not keeping track. So, in the interest of helping hunters mark their calendars and as means of informing family members, friends, co-workers, and employers when the hunters they know will want to spend time afield, I'm going to cover the upcoming hunting seasons and hit a few key points often overlooked.

If you've already heard a few shots in the distance, that might be eager hunters getting out for two of our earliest seasons, resident Canada geese and doves, which both opened on Labor Day, Sep. 2. One of our most under-pursued species was moved to an earlier opening date a few years ago and this year squirrels (gray, black, fox, and red) become legal quarry on Sat., Sep. 14. In Western PA, deer hunters can get out into the woods two weeks earlier down in Wildlife Management Unit (WMU) 2B, comprised of most of Allegheny County and suburban portions of surrounding counties, when archery opens there on Sat., Sep. 21. That is the same day, Sep. 21, when tree stands and portable hunting blinds can first be legally placed out on most PA state game lands and some other public lands abide by this same policy.

When the calendar turns to October, things really get rolling when our statewide archery deer season opens on Sat., Oct. 5. You'll start noticing more vehicles parked along rural roads and in remote spots as over 325,000 licensed archers head out in pursuit of antlered and antlerless deer. Duck seasons vary across the Commonwealth, but this year ducks, mergansers, and coots become legal quarry in the North, Northwest, and South Zones on Sat., Oct. 12. Lawrence County is in the South zone, since we are south of Interstate 80. Waterfowl hunters should note the South zone opens the same day as the Northwest and North zones this year, since they had different opening days in the past. I would be remiss if I didn't mention the three Junior Hunts offered this Fall with their special requirements

(please check your PA 2024-25 Hunting & Trapping Digest for specifics). Junior squirrel season runs Sep. 14-28. Junior rabbit season will be Oct. 5-19. While Junior pheasant season is Oct. 12-19. These are great times to get younger hunters afield for focused instruction and are often overlooked by parents, grandparents, and guardians.

One of my favorite seasons opens on Sat., Oct 19, when our early muzzleloader antlerless deer season opens for one week and permits hunters to use the flintlock, percussion cap, or inline muzzleloading rifle of their choice. An often overlooked regulation found on Page 25 of the Digest states: "Archery gear can be carried by muzzleloader hunters providing they have an archery license and necessary fluorescent orange." That way, if an antlered deer comes through, you can use your archery gear to take a buck, while the muzzleloader is not a legal means to take an antlered deer in October. Sat., Oct. 19, is also our statewide opening day for grouse and rabbits. One of the biggest regulation changes for this year is that our statewide muzzleloader season for bear is only three days: Thur., Fri., and Sat., Oct 24-26, and coincides with the special statewide three-day firearms bear season, which is only open to junior & senior license holders, mentored permit holders, active duty military, and disabled-persons permit holders. This change in the statewide muzzleloader bear season was made to reduce harvest rates on female bears and promote stabilization of our PA bear population. Those same three days, Oct. 24-26, are also the special statewide antlerless only firearms deer season for the same limited participants as bear. Oct. 26 is also eagerly anticipated by small-game hunters, since it's opening day of our statewide pheasant season in PA.

November brings opening day for numerous big-game species. Sat., Nov. 2 is opening day of Fall turkey season, when both bearded or unbearded birds are legal quarry. However, the length of Fall turkey season varies by WMU, so please check your Digest carefully for where you plan to hunt. In our area, WMU 1A, Fall turkey season runs Nov. 2-16 this year. Our regular firearms bear season runs Nov. 23-26, Sat. thru Tues., and includes Sunday hunting. While our regular firearms deer season opens again on the Saturday after Thanksgiving, and runs Nov. 30 thru Dec. 14, which includes Sunday hunting on Dec. 1.

So many opportunities! It's time to get outdoors and hunt! **God Bless, Be Safe, and Great Outdoors!**

### Our Daily Bread

#### Touch a Life

Let us not grow weary while doing good.  
Galatians 6:9. Read: Galatians 6:6-10

My friend Dan, who was soon to graduate from high school, was required to make a senior presentation. He had 15 minutes to share how he had made it to the point of graduation and to thank those who had helped him along the way.

I gazed around the room before he started to talk. All kinds of people—young families, teachers, friends, church leaders, and coaches—were in attendance. He began to talk about the ways each person had touched his life. One woman had “been like an aunt and had always been there” for him. A 30-something man “shared Scriptures often and gave counsel.” Another man had “taught him discipline and hard work.” A church friend had “taken him to football practice every day” because his mom couldn’t. A couple had “treated him like he was their own son.” One commonality—they were all just ordinary Christians who had reached out to make a difference in his life.

Paul called it doing “good to all, especially to those who are of the household of faith” (Gal. 6:10). We can help shape another person’s life by showing an interest and taking action. And, as happened with Dan, we can reap a harvest (v.9). By Anne Cetas

Lord, grant me a heart of compassion  
So burdened for others’ needs That I will show  
Your kindness In attitudes, words, and deeds. —  
Fitzhugh

Do all the good you can, in all the ways you can, for  
all the people you can, while you can.

Antiques and Collecting  
by Terry and Kim Kovel

Q: I was given this medicine cabinet by a dentist  
many years ago. Any idea on what it would be  
worth?

A: Medical and dental equipment, including cabi-  
nets, are popular with collectors. Value depends on  
their size, condition, material and unusual features  
like rotating cases or other movable parts. Your  
cabinet is by Clark & Roberts, a company that  
made dental cabinets, exam tables and other medi-

cal furniture in the early  
20th century. A cabinet  
by Clark & Roberts sold  
at auction a few years  
ago for about \$500.  
More recently, similar  
cabinets by other or  
unknown manufacturers  
have sold for about \$200  
to \$700. Having the label  
with the maker's name  
increases the value.  
Asking prices online can  
go from about \$400 to  
over \$1,000. An auction  
house or dealer who  
specializes in medical or  
dental collectibles may  
be able to give you a  
more precise estimate.

### Now Here's A Tip

by JoAnn Derson

- To keep algae from growing in your backyard birdbath, add a few copper pennies. Or you can get a small piece of copper pipe from the home-improvement store. It keeps the algae from getting out of control.
- When you need an extra garbage bag, like during a party or while doing lawn chores: Use a large pop-up laundry bin, and line it with a lawn and leaf garbage bag. Use chip clips to secure it at the top if you need to.

• When preparing outdoor furniture for winter storage, it's important to give it a nice cleaning. If you have a truck, why not load it up and bring it to the local self-serve car wash? The specialized brushes make it easy to clean right there in the back of the vehicle, and a pressure rinse gets soap and dirt from all the nooks and crannies.
