Strange But True

by Lucie Winborne

• Jazz musician Louis Armstrong wore a Star of David necklace even though he wasn't Jewish. Armstrong grew up in severe poverty but found a loving second home with the Jewish Karnofsky family, who employed him in the family business. In their honor, he decided to wear a Star of David for the rest of his life.

• The TV series "30 Rock" was known for its fast-paced writing. In 2014, one reporter calculated that there was an average of 7.44 jokes per minute.

• The wood frog can hold its urine for up to eight months.

Fun Fact

The fluffy white clouds overhead might look weightless, but they are surprisingly heavy. Scientists estimate that a cumulus cloud measuring 1,000 meters holds approximately 131,894 gallons of water, which translates to an impressive weight of 1.1 million pounds.

Dad Will Flip Over 'Pancakes for Pop'

Father's Day is just around the corner on June 15, and what better way for Dad to greet his day than with a platter of pancakes that the kids have monogrammed with an imprint Dad will never forget?

The lettering is simple and fun to do. A few refrigerator magnet

ABCs or letters cut out of poster board are all you need for stencils so that you can compose a name or a word on a plateful of pancakes. After kids

sift powdered sugar over the letters, the reveal is the dramatic moment. But shhh! It's a secret. Save the surprise for Dad!

Here's my easy-to-prepare pancake recipe that wins kudos from friends and family every time I make it. Every pancake is light, fluffy, and ready for fresh fruit, syrup, and your favorite toppings. Grate some lemon zest into the batter for zip, or toss in some brown sugar for a sweeter taste. Any way you like it, Dad will, too.

There's a special job for each child in your family, from cracking the eggs to flipping the pancakes on the griddle.

HEARTY PANCAKES

(Makes 30 medium-sized pancakes)

In a medium bowl, one child may stir the wet ingredients of 12 tablespoons melted butter, 1 cup sour cream, and 2 cups milk.

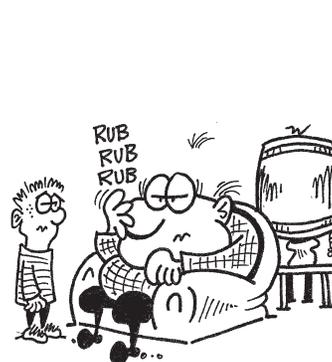

In a second bowl, another child can measure dry ingredients in twos! Stir together 4 cups all-purpose flour, 2 teaspoons baking soda, and 2 tablespoons baking powder. Add a teaspoon of salt.

In a large third bowl, beat 8 large eggs with a whisk. Add wet ingredients and stir together. Add dry ingredients and stir until combined. An adult should heat the pan and pour 1/4 cupfuls onto the hot greased griddle. Cook the pancakes until golden brown.

For Father's Day fun, set toy alphabet letters or stencils on each pancake to make a word like "DAD," and sift powdered sugar on top. Remove stencils and serve. © 2025 Donna Erickson

PA 2025-26 Hunting Licenses Go On Sale June 23 & There Are Changes (Part 1 of 2)

You know you are a PA outdoorsman or woman IF...you know what constitutes a year. Now that statement may seem odd to someone who doesn't fish or hunt, but the answer is: It depends. Here in the Commonwealth, fishing licenses are pretty straightforward and are sold on a calendar basis. So, if you purchased a 2025 one-year license, it is valid from Jan. 1, 2025 thru Dec. 31, 2025. That makes sense. However, PA hunting licenses coincide with our State Fiscal Year, which runs from July 1 of one year until June 30 of the next year. So, your 2024-25 PA hunting license that you purchased last year is getting ready to expire on June 30, 2025. Which means new PA 2025-26 hunting licenses, which will be good from July 1, 2025 thru June 30, 2026 are getting ready to go on sale starting Monday, June 23, 2025.

With new hunting licenses come some changes in rules, regulations, seasons, and bag limits each year; and 2025-26 is no different. So, we're going to cover those changes to make sure you are aware of them and how they may impact your upcoming hunting plans. This will be our third year of "over the counter" antlerless deer license sales. The "pink envelope lottery" of mailing to the county treasurer of your choice to get your doe license(s) is dead and gone. Two years ago, the first year of "over the counter" antlerless sales was marked by extremely long lines at license vendors, excessive waits for online purchases, and a computerized sales system that nearly ground to a halt based on the high volume of sales. Last year, things got much better as the PA Game Commission (PGC) tried to spread out sales over a several week time period by guaranteeing antlerless licenses to PA Residents in all but three highly sought after Wildlife Management Units (WMUs), which included 1B, 2G, and 3A. Well, the big change for 2025-26 is the PGC is guaranteeing a PA antlerless license to all PA Residents in the WMU of their choice, if they purchase their initial antlerless license anytime between 8 AM, Mon., June 23 and 7 AM, Mon., July 14.

Last year's antlerless license sales revealed that WMUs 1B and 3A did not sell out during the initial first round open only to PA Residents and while WMU 2G did, the antlerless license allocation for WMU 2G has been increased from 37,000 up to 57,000 (+20,000 tags) for 2025-26, so that is

why they are able to make this "guaranteed antlerless tag offer." Think about that for a moment, since it has never happened before in PA hunting history. If you are a PA Resident, you can get your first antlerless license in any WMU of your choice, if you purchase your initial antlerless license anytime between 8 AM, Mon., June 23 and 7 AM, Mon., July 14. No need to go stand in line on June 23 starting at 6 AM at Walmart, the County Treasurer's Office, or your favorite outdoor retailer to get there before "the next guy," unless you simply like standing in line for absolutely no reason. You basically now have a three week (21-day) window in which you can purchase your first PA antlerless license in the WMU of your choice, either in person at a license vendor or online, completely stress-free. However, "if you snooze, you lose," because starting at 8 AM on Monday, July 14, when antlerless licenses initially go on sale to Nonresidents, all remaining antlerless licenses in every WMU are sold on a "first come, first served" basis until exhausted.

To summarize important PA 2025-26 antlerless license sales dates: (1) June 23 - 1st round opens at 8AM for PA Residents with guaranteed WMU of their choice; (2) July 14 - 1st Round opens at 8 AM for Nonresidents. Resident procrastinators can still purchase their first license, but no guarantee on WMU availability. In 1st Round personal limit is one license for Residents and Nonresidents; (3) July 28 - 2nd Round opens for All License Buyers. Personal limit is two antlerless licenses; (4) August 11 - 3rd Round opens for All License Buyers. Personal limit is three antlerless licenses; and (5) August 25 - 4th Round opens for All License Buyers. Personal limit is six antlerless licenses. While it may only interest a few hunters from our area, WMUs 5C and 5D in the extreme Southeastern Corner (think Philadelphia and surrounding counties) have a new limit of 15 antlerless licenses as of the 4th Round to promote antlerless harvests in those heavily populated areas with limited deer habitat and frequent deer-vehicle collisions.

Overall, the antlerless license allocation across PA's 22 WMUs increased by 10.6% from 1,186,000 to 1,312,000 with 12 WMUs increasing, 5 WMUs remaining the same (our local WMU 1A stayed at 46,000), and 5 WMUs surprisingly decreased some to reflect the PGC's desired harvest numbers. Keep in mind, statistically one out of four antlerless licenses sold is successfully filled. Next week, we'll cover DMAP, Ag Tags, and changes to some seasons & bag limits.

Our Daily Bread

I'm Just the Driver

I myself am a man under authority. Matthew 8:9
 READ Matthew 8:5-13

"Dad, can I spend the night with my friend?" my daughter asked, getting into the car after practice. "Honey, you know the answer," I said. "I'm just the driver. I don't know what's happening. Let's talk with Mom."

"I'm just the driver" has become a joke in our home. Daily, I ask my organized wife where I need to be, when, and whom I'm taking where. With three teens, my "moonlighting" as a "taxi driver" sometimes feels like a second job. Often, I don't know what I don't know. So, I have to check in with the master calendar keeper.

GRIN the BEARD IT 

"We got that once-in-a-lifetime offer again!"

In Matthew 8, Jesus encountered a man who also knew something about taking and giving instruction. A Roman centurion, this man understood that Jesus had the authority to heal, just as the centurion had authority to issue commands to those under him. "Just say the word, and my servant will be healed. For I myself am a man under authority, with soldiers under me" (vv. 8-9). Christ commended the man's faith (vv. 10, 13), amazed that he understood what His authority looked like in action.

So what about us? What does it look like to trust Jesus with our daily assignments from Him? Because even if we think we're "just the driver," each assignment has kingdom meaning and purpose. By Adam Holz

What helps you to discern where and how God is leading you daily? What barriers sometimes get in the way of hearing and obeying Him?

Father, thank You that You lead me and guide my steps. Please help me to walk daily in dependence on You as You direct me according to Your plan and purpose.

Kovels
Antiques and Collecting
by Terry and Kim Kovel

Father's Day is a good time to remember that many design firms of the 19th and 20th centuries were family businesses. Some of the most famous glassmakers, ceramicists and metalsmiths followed their fathers into business, and many famous company names end in "and Sons."

This coin silver coffee pot, which sold for \$1,860 at an auction by Leland Little, was made by S. Kirk & Son of Baltimore, one of the best-known American silversmiths. Samuel Kirk opened his first silver store in 1815. He started partnering with his sons in 1846; the company was known as S. Kirk & Son from 1846 to 1861 and S. Kirk & Sons from 1861 to 1868. The firm was known for its coin silver.

Samuel Kirk introduced hand-hammered repousse designs to America. His decoration style, with all-over designs like landscapes, flowers or architecture in low relief, is still known as Baltimore silver. After his death in 1872, his son and grandson continued the company. The name changed to S. Kirk & Son Co. in 1896. The company was bought by the Stieff Company in 1979, and Kirk Stieff, as it is now known, is still active today. ©2025 King Features Synd., Inc.

DEAR PAW'S CORNER:

I moved from a suburb to the mountains a couple of months ago, and while my dogs are thrilled to have several acres to run free on, I'm terrified that they will be bitten by rattlesnakes. A

neighbor said that they are plentiful out here. How can I prevent this, and what do I do if they get bitten? - Larry in Tennessee

DEAR LARRY: While there is always a risk of a dog getting injured by something out in the countryside, it's important not to let fear get the best of you. Instead, focus on prevention. Here are some of the things you can do to minimize their overall risk of injury - from snakes and other potential risks. - Train your dogs to come when you call them; if your property is big enough that they run out of sight, train them to respond to a whistle, which carries much farther.

- Rattlesnakes (and other snakes) hang out in messy debris piles, wood stacks and crevices with overhangs. They stay out of sight (they're much more afraid of you and your dogs) unless they are threatened. Clear debris piles off of your property, and stack your firewood on a raised platform, at least 5 feet from your home's foundation.

- If your dogs consistently run to one location on your property, follow them and find out what's so interesting. An animal lair or deer run can be very interesting to dogs, but the same location can attract bigger predators.

- Consider fencing in a half-acre or acre behind your house and keep your dogs within the fence; you'll be able to monitor them better and control the space, so critters don't come in.

Now Here's A Tip

by JoAnn Derson

• “When cooking shrimp in a bouillon, put them in the freezer for about 10 minutes before cooking. They will cook up nice and tender. I have had success with this also when grilling. When putting shrimp on a skewer, I use double skewers, which hold about five shrimp. When I thread the skewers side by side, the shrimp are easier to turn over, and they do not spin on the skewer.” – R.R. in Florida

• “When we go to the doctor with our youngest, we bring a few crayons. She will lie down on the exam table paper, and we draw her outline. Then she can fill in her face and other details. This usually calms her while she is waiting. The doctor even has used the outline to talk about her body to her.” – E.S. in Georgia

Back-to-Back!

• “In older houses, you might have a problem with cracking drywall when trying to hang pictures. You can solve this by placing a bit of clear tape over the spot where you are going to drive in a nail. It goes right in. If your are nailing into wood, you can drag your nail through some soap (bar soap is fine) before striking and it does the same thing, keep the wood from splitting.” – P.K. in New Jersey
